## FROM THE CREATIVE DIRECTOR

The summer has come and gone in the blink of an eye, but the memories will last forever! On behalf of myself and the entire creative, teaching, client engagement and production teams at Kids' Gallery, I would like to say thank you to each and every one of our students for showing us their creativity and confidence, both on and off stage. The work and dedication they put into getting this production ready for the stage over the summer has been astounding to watch.

I now invite you to sit back and relax as our students tell you the magical tale of a mermaid who wished for more. Enjoy as you sing along to your favourite songs from this classic tale of dreams, friendship, adventure and magic!

Our students worked extra hard this summer, not only when it came to working on their lines and choreography, but also in creating the wonderful scenery and décor that will be sure to transport you deep under the sea. It is this notion of inter-disciplinary arts education that we wish to instil in our students in order to ensure that they become **truly irreplaceable** in an increasingly AI driven world.

We hope to extend the concept even further by welcoming our students back for the winter term where we will introduce a truly inter-disciplinary experience across our three creative arts disciplines: Communication Arts, Visual Arts and, of course, Performing Arts. Please keep an eye out for more details regarding the Kids' Gallery Winter Tales programme.

In the meantime, we are proud to present to you *Under The Sea*!

Jan Brink  
Creative Director

## SYNOPSIS

When everyone's favourite mermaid, Ariel, falls in love with the human Prince Eric, she vows she will do whatever it takes to see him again. But when her father, Triton, King of the Seas, hears of her plans, he dashes her hopes and forbids her from ever returning to the surface again. Hopeless and desperate, Ariel and her friends, Flounder and Sebastian, seek out the only one who can help: the evil sea witch Ursula...
